About Me

I am an adaptable, self-motivated undergraduate with a responsible approach to any task I undertake. I have strong communication skills and am a good team player. I am adept at handling pressurized situations. Currently, my main goal is to secure a Software Engineering Internship, where I can enhance my skills and gain hands-on experience in the software field.

Experience

Worked as an intern at BOC

Education

University of Ruhuna
B.Sc.(Hons) Engineering 3rd year undergraduate
Department of Electrical and Information
Engineering

Ananda National College , Chilaw
G.C.E Advanced Level Examination - 2019
Combined Mathematics | Chemistry| Physics

PROJECT

QR based attendance system Mobile Application

Developed a functional app for faculty-student attendance collecting and managing
Technologies - Flutter , Firebase

Faculty Maintenance Management System (Ongoing)

A project which streamline and automate the maintenance processes within the faculty. Web application and mobile application for reporting, tracking, and managing maintenance requests.
Technologies - MERN Stack , Flutter

Assignment Management Web Application

Developing a website for student assignment managing and marking
Technologies - MERN Stack

Parkinson's Disease detection

A machine learning project which Parkinson's Disease detection
Technologies - python, scikit-learn

Student Management System

Console based project which user can perform simple crud operations.
Technologies - C#

Student Registration System

A project which provide role-based access control with distinct privileges for admin and normal users CRUD operations implemented for managing entities
Technologies - WPF , SQLite , xUnit , FluentAssertions

TECHNICAL SKILLS

Programming Language

C | Java | Python | JavaScript

Web Development

HTML | CSS | React JS | Node JS

Mobile App Development

Flutter

Database

MySQL | MongoDB | Firebase

NON-TECHNICAL SKILLS

- Leadership Skills
- Team Working
- Communication Skills
- Creativity
